Is Disease a Crime?

Not very long ago, a popular magazine published an editorial article in which the writer asserted, in substance, that all disease should be regarded as criminal. Certain it is, that much of the sickness and suffering of mankind is due to the violation of certain of Nature's laws. But to say that all sickness should be regarded as criminal, must appeal to every reasonable individual as radically wrong.

It would be harsh, unsympathetic, cruel, yes criminal, to condemn the poor, weak, over-worked housewife who sinks under the heavy load of household cares and burdens, and suffers from weaknesses, various displacements of pelvic organs and other derangements peculiar to her sex.

Frequent bearing of children, with its exacting demands upon the system, coupled with the care, worry and labor of rearing a large family, is often the cause of weaknesses derangements and debility which are aggravated by the many household cares, and the hard, and never-ending work which the mother is called upon to perform. Dr. Pierce, the maker of that world-famed remedy for woman's peculiar weaknesses and ills—Dr. Pierce's Favorite Prescription—says that one of the greatest obstacles to the cure of this class of maladies is the fact that the poor, over-worked housewife can not get the needed rest from her many household cares and labor to enable her to secure from the use of his "Prescription" its full benefits. It is a matter of frequent experience, he says, in his extensive practice in these cases, to meet with those in which his treatment fails by reason of the patient's inability to abstain from hard work long enough to be cured. With those suffering from prolapsus, anteversion and retroversion of the uterus or other displacement of the womanly organs, it is very necessary that, in addition to taking his "Favorite Prescription" they abstain from being very much, or for long periods, on their feet. All heavy lifting or straining of any kind should also be avoided. As much out-door air as possible, with moderate, light exercise is also very important. Let the patient observe these rules and the "Favorite Prescription" will do the rest.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

GENEROUS RESPONSES.

Never before in the history of the world has there been such a movement for relief as has been stirred up in the United States by the California disaster. Millionaires have contributed by the hundred thousand and the widow's mite is lost in the immensity of the big men's gifts. From all over the country there is a ready response for the relief of San Francisco and its homeless. Not only from big cities, but hamlets, come offerings of aid. It is impossible to adequately estimate just how much money has been subscribed.

New York city heads the list with at least $2,000,000. Chicago has promised $1,000,000. At a meeting of citizens of Boston, last night, $500,000 was assured and $135,000 contributed on the spot. From Philadelphia will be sent $100,000 in addition to $50,000 subscribed by the relief committee of the town, a permanent organization for just such emergencies as this. Washington has subscribed $10,000.

Many suggestions are being made of methods to raise money. The Lodge of the Knights of Pythias of Columbus, O., has made a proposal that every lodge of the organization in the country contribute $50. As there are 20,000 lodges in the country this would mean $1,000,000 if the plan is followed. The Grand Master of the Odd Fellows has called upon the members of the organization to contribute. The fraternal organizations are in friendly rivalry to do the most for the stricken city.

The Medinah Temple, Masonic Shriners, Chicago, has decided to send to San Francisco $100,000 which had been set aside to be used at the encampment of the organization at Los Angeles in May. All over the country theaters will give benefits, baseball clubs are planning to help out and entertainments are being arranged to help.

Contributions to the San Francisco relief fund were being received at the Mayor's office in New York yesterday. In the afternoon there walked in a tall quietly dressed man, possibly 33 years old. He looked like a bookkeeper or a private secretary. In the ante-room of the Mayor's office a secretary halted him and asked his business. I have a contribution for the earthquake sufferers to make," he said. "I want to see the Mayor." The secretary told him the Mayor was busy and himself offered to accept the contribution, but the man was so insistent that his business was with the Mayor that finally they let him in. He walked up to the Mayor's desk, and without introducing himself said: "Mr. Mayor, here is something for those poor people in San Francisco." As he spoke he laid a little pile of paper money on the edge of the Mayor's desk. "What name?" asked Mayor McClellan. "No name, please," said the man. "Just put it down as from a "Friend of humanity,'" and out he walked. The Mayor counted the bills. There were 25 of them—for $1,000 each—$25,000 in all.

Assistant Secretary Charles Hallam Keep, of the Treasury Department and treasurer of the National Red Cross Association, yesterday received a check for $1,000 from President Roosevelt as a contribution to the relief of the earthquake and fire sufferers at San Francisco, and also one for $500 from Senator P. C. Knox, of Pennsylvania, for the same purpose.

The Southern Railway has issued a notice to the effect that contributions for the San Francisco sufferers, when addressed to duly authorized agencies or committees, will be carried over its lines free of charge.

President Roosevelt yesterday declined a contribution of $25,000 made by the Hamburg-American Steamship Company for the relief of the San Francisco sufferers, and this action is notice that no contributions will be accepted from foreign sources, either official or private.

Question of Insurance.

The insurance companies have already taken up the question of losses in California. It is stated that the companies have decided, if possible, to pay dollar for dollar on all the losses, whether occasioned by fire or by earthquake.

This will mean, if the loss totals $200,000,000, as it is believed it will, that $110,000,000 will be paid into the pockets of San Francisco realty owners, and with this as a start, new structures will soon be in course of erection on the site of the old.

The Firemen's fund and the Home and Marine, both San Francisco corporations will, it is said, be the principal sufferers. The losses are divided among 80 insurance companies, and it is stated authoritatively that all claims will be satisfactorily adjusted and that no company will be so weakened that it will be forced to suspend.

The Pacific Coast managers of the fire insurance companies which have suffered by the fire will meet today in Oakland to discuss the situation.

It was announced in New York yesterday that the North British and Mercantile Fire Insurance Company has instructed its New York representatives to pay losses sustained in San Francisco disaster as soon as they are adjusted and to contribute $5,000 to the relief of the sufferers. The company has outstanding insurance in San Francisco to the amount of $3,560,000.

The Liverpool and London and Globe Insurance Company announced yesterday that all San Francisco losses sustained by the company will be paid immediately upon their adjustment. The company has no idea of the amount involved.

Fire insurance officers in New York yesterday admitted that the San Francisco earthquake and the consequent fire damage would be the cause of several insurance companies winding up their business. This statement was based upon the figures received from San Francisco regarding the probable loss by fire. An officer of an insurance company which carries the largest risks on San Francisco property of any New York company admitted that the total loss which would fall upon the people of San Francisco would amount to more than $200,000,000. Taking these figures as a basis, he said, the statement that several of the fire-insurance companies would have to close their doors is not unreasonable. After the Baltimore fire in 1904, where the total loss was more than $50,000,000, five companies went out of business. If the same ratio obtains under the present conditions, fully a score of the 108 underwriting concerns would have to liquidate.

Children Burned to Death.

A tragedy occurred in a remote section of Shenandoah county, on the Page county line, a day or two ago. Two young children of Mrs. John Spitler were roasted to death in a fire that destroyed their home. The mother was at work in the garden, and had left the children alone in the house. The baby was asleep on the bed, and a girl of three had been tied to a bedpost. It is believed that the elder child knocked over a lamp which was on an incubator in the room, and that in this manner the fire started. Looking up from her work, the mother beheld her home in flames. She rushed to the house, frantic with fear for the fate of her babies. The only traces left of the children were a few charred bones. The house and contents were destroyed, causing a loss estimated at $1,000.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, APRIL 21, 1906.

THE RESPONSE of the American people to the call for help for San Francisco exceeds in its magnificence any other charitable or benevolent work ever known. Public appropriations and private gifts have been enormous and speedy, and under the impulse of national and individual generosity scores of special express and freight trains, laden with supplies, are rushing from all quarters of the continent toward the stricken city. Generosity is a national characteristic. But the American nation is outdoing itself in the presence of the awful misfortune that has overtaken the city by the Golden Gate. The stream of contributions is flowing in a volume unprecedented even in this country, whose heart responds so magnanimously to the cry of distress. The like of it was never seen. The contributions must run up into the millions throughout the country and practically in a single day; for it took fully twenty-four hours after the news of the calamity to organize the rescue and let the people know how and through what agencies they could give help. Money is the best thing to send to the distressed people on the Pacific. Money can be wired. It will buy the needed food, shelter, medicine and clothing from the nearest available sources of supply, making relief more rapid. The unfortunates, it will be seen by today's dispatches, while facing hunger and thirst and houseless, are now beset with typhoid fever and smallpox.

SAN FRANCISCO may be shaken by earthquake, ravaged by fire, and temporarily made a depopulated waste, but as long as its magnificent harbor remains and the California rivers run to the sea it will hold rank as the finest Pacific outpost. It is a natural centre and entrepot of commerce, and men will go there to abide and trade in spite of earthquakes. San Francisco is a rich city, and may be expected to rise more magnificent than ever from its ashes though today its people are the poorest in all the world and the lives of thousands and thousands who have lost their all are in peril for want of shelter, food and clothing. It will take time before the people of the stricken city sufficiently recover from the stunning blow that fate has delivered them to collect their energies and resources to begin anew the battle of life, but they will recover and like Chicago and Baltimore, it is predicted, will eventually attain its former grandeur.

SEISMIC disturbances are an interesting subject of scientific investigation, but the knowledge gained can hardly be regarded as of practical value; there is no way of preventing them or guarding against them. Low buildings are the rule where earthquakes are expected, and wood has much more elasticity than masonry. The modern steel frame possesses some very great advantages, and has been introduced into Japan because of its resistance to earthquakes. But where it is carried to a height of many stories the masonry shell will have to be replaced with steel plates or else very firmly attached to the frame.

WHEN the democratic party was disrupted over the financial issue at the beginning of the second term of President Cleveland, how jubilant the republicans were and how confident of success in the then coming congressional elections! Now history repeats itself and the tables are turned, for it is the democrats who are now jubilant and encouraged and the republicans discouraged and facing defeat.

TO A layman the idiosyncrasies of the law leave a sense of bewilderment, for no sooner had the Supreme Court decided that trust officials must answer all questions put to them, than the trial court in the beef trust case decided that trust magnates cannot be convicted on the evidence they have given in an investigation.

AS THE beef trust magnates have been set free by the court, through the blundering of Mr. Garfield and the law officers of the administration, the price of beef cannot be expected to come down nor the price of cattle to go up, and yet the republicans are trying to make out that this is a "trust-busting" administration.

That $100,000 appropriation for a private car for the President has been sidetracked until the amount actually necessary can be discovered, for it has been found that however much is appropriated the administration expends it all.

Fire in Manila.

Washington, April 21.—The War Department today received this dispatch from Manila, dated April 21, 11:50 a. m. "Fire has swept the town of Mariquina in Rizal province. Many thousands persons are homeless and starving, and buildings in ruins. The government is rushing assistance to sufferers. Fire also destroyed Pasil, near the town of Cebu."

From Washington.

Correspondence of the Alexandria Gazette.

Washington, April 21.

The railroad rate bill will continue to practically monopolize attention in the Senate during next week. Senator La-Follette, who has already occupied two afternoons in the delivery of his carefully prepared speech, will proceed on Monday when, he says, he will be able to conclude. Senator Spooner will reply to Senator Bailey's anti-injunction argument probably on Wednesday. Senators Daniel, Frazier, and perhaps Knox, are expected to submit some remarks during the week. It looks as though the general debate on the bill will really be brought to a close with these speeches, but the final vote on the passage of the bill is not likely to occur much before May 7th.

The privileges and elections committee will get together about Tuesday to consider its report on the Reed Smoot case. An effort will be made to close the hearing on the Panama canal investigation and get to work on needed legislation. The statehood conferees may make a partial report announcing their inability to agree and asking for further instructions. Two of the great supply measures will be considered in the House next week—the agricultural appropriation bill and the naval bill. The bill providing for the codifying of the laws may be brought up next week, and an agreement will be reached looking to the holding of night sessions.

President Roosevelt held a number of conferences with prominent senators this morning over the railroad rate subject. "The more the rate matter is discussed" said Senator Hopkins after his talk with the President, "the more it becomes apparent that the Hepburn bill is growing in favor. There are so many differences of opinions and views which cannot become reconciled that it begins to look as though bill unamended will in the end be the choice of the Congress."

Up to 11 o'clock this morning the marine hospital service had received no advices regarding the reported outbreak of smallpox in San Francisco.

President Roosevelt this afternoon sent to Congress a message requesting an immediate additional appropriation of a million and a half dollars for the relief of San Francisco. Secretary Taft had recommended only a million additional but the President believed that a larger sum should be furnished. In his letter to the President, Secretary Taft says: "The loss of the valuable subsistence, quartermasters and medical stores assembled in the depot at San Francisco, for use on the Pacific posts and in the Philippines, will require a very considerable deficiency estimate, in order that they in addition to the stores now being used for the relief of San Francisco, may be replaced. The loss may be approximated as follows; Commissary stores, $150,000; quartermaster's stores, $2,941,472; medical stores, $357,391; total, $3,448,863.

The Western Union Telegraph Company has received the following dispatch from their agents at San Francisco:

There seems to be no immediate danger from fire. Supt. of Ferry Buildings pronounces it now safe and in no danger from fire. Everything in radius of two miles is nothing but smoldering ruins. Not a house standing.

Commissary General Sharpe at noon today received the following dispatch from Maj. Krauthoff, the army commissary officer in San Francisco:

"Bottled water not needed. Water mains being repaired, which means a sufficient supply. Considering everything, affairs are in good condition. Large issues of stores announced today to indigents. Rations from Van Couver Barracks expected today. Fire is practically under control."

Fifty-ninth Congress.

Washington, April 21.

Addresses were made by his successor, Senator Brandegee, and the other members from Connecticut, Senator Bulkeley, also by Senators Allison, Morgan, Lodge, Perkins, Nelson, Foraker, Spooner, Beveridge and Keen.

Previous to the speeches the following resolution offered by Senator Bulkeley was unanimously adopted.

"Resolved—That the Senate has heard with profound sorrow of the death of Honorable Orville Hitchcock Platt, late a Senator from the State of Connecticut.

"Resolved—That as a mark of respect to the memory of the deceased the business of the Senate be now suspended to enable his associates to pay proper tribute to his high character and distinguished public service.

"Resolved—That the Secretary communicate these resolutions to the House of Representatives.

HOUSE.

The House this afternoon passed a resolution appropriating one million dollars additional for the relief of the San Francisco sufferers.

Volunteer Witness Rebuked.

The grand jury of the Corporation Court of Fredericksburg, which is engaged in investigating the charge of graft against some of the city officials, examined additional witnesses yesterday. Henry Warden, a wealthy citizen, a leader of the Good Government League, of Fredericksburg, who moved to that section from the West a few years ago, was severely censured by Judge Embrey for placing his name among a list of other names to be summoned as witnesses before the jury. In his rebuke the judge said that it was either ignorance or impertinence on the part of Mr. Warden. It is said that Mr. Warden will contest the decision of Judge Embrey.

Aid for the Sufferers.

Gov. Claude A. Swanson last night issued a proclamation to the people of Virginia urging that immediate steps be taken for the relief of the victims of the San Francisco earthquake. The proclamation suggests that the ministers of all denominations in their sermons on Sunday urge upon their congregations to subscribe liberally to a fund for the purpose, and that a special collection for the purpose be taken up in the churches. The governor also suggests that the secret orders take the matter under consideration. Individuals who are able to do so are urged to give according to their means.

News of the Day.

At a meeting of bankers yesterday Mr. Lynch, of the Oakland First National Bank, reported that a committee had examined all the bank and safe-deposit vaults in San Francisco and found them all intact. This makes it certain that the money and papers on deposit are all safe.

The Chicago, Burlington and Quincy Railroad, Darius Miller, and Claude G. Burnham, officials of the road, were found guilty, in Chicago, yesterday, in the Federal Court, of granting rebates in violation of law. The railroad corporation was fined $40,000 and the two officials $10,000 each.

Cardinal Gibbons, Dr. Lyman Abbott and the Mayors of Galveston, Baltimore and Charleston have sent to the Publishers Press Association sentiments of sincere sympathy for the people of San Francisco and neighboring places who are suffering from the recent earthquake and the fire now raging.

Senator Wetmore, of Rhode Island, has reported from the public building and grounds committee a bill authorizing the expenditure of $3,000,000 for a building for the Departments of State, Justice, and Commerce and Labor on the site on the south side of Pennsylvania avenue, between Fourteenth and Fifteenth streets.

Fire has swept Mariquina, in the Philippines Islands. Many thousands of persons are homeless and starving. Two thousand dwellings are in ruins. The government is rushing assistance to the sufferers. Fire also destroyed Pasil, near the town of Cebu. Two hundred dwellings were burned and many persons are homeless.

Virginia News.

The Virginia State Sunday School convention came to an end at Newport News last night. It was decided to meet next year in Danville.

The Presbytery of the Chesapeake, after a three days' session in Leesburg, adjourned to meet in April, 1907, at Mitchells, Culpeper county.

The public school building at Greenwood, Frederick county, was totally destroyed by fire yesterday, entailing a loss of several hundred dollars.

William Monroe McCarthy died Thursday at his home, Monroe Grove farm, near Aldie, Loudoun county. He was ninety-four years of age, a native of South America, and in early life a wealthy sea captain.

At the meeting this week of the board of supervisors of Fairfax county, the allowances and salaries to various county officers were fixed at the same amount as last year, as was also the levy for county and district taxes.

George Washington Cooper, one of the oldest native-born citizens of Culpeper county, died at his home, Thursday, in the eighty fourth year of his age. Mr. Cooper was one of the oldest members of Fairfax Lodge of Masons of that city.

Mrs. Samuel Warriner Lee, whose husband killed her brother, Leo Lee, in a quarrel, is suing for a divorce in Richmond on grounds of desertion. This is Mrs. Lee's second husband. She was divorced from the first, also. She stood by her husband during his trial for murder, giving testimony that he was provoked to the deed by her brother, who had been drinking. Shortly after his acquittal Warriner left for parts unknown.

D. A. R.

At the meeting of the Daughters of the American Revolution in Washington yesterday the editor and business manager of the American Monthly Magazine were both re-elected unanimously, Mrs. Elroy M. Avery, of Cleveland, and Miss Lillian M. Lockwood, of Washington, having served faithfully in these capacities for several years.

The Montana matter, which all Daughters hoped was finally laid to rest, is likely to come up again by the election of Mrs Clinton H. Moore, of Montana, as State regent, and Mrs. E. H. Renish as State vice-regent, to succeed Mrs. Walter Harvey Weed, who has been the principal figure in the "Montana case." It has been generally understood that Mrs. Walter McCrackin, the State regent, had been indorsed by the majority of the chapters for re-election. There being only one delegate from Montana, Mrs. Ella Knowles Haskell, an attorney, she elected whom she chose. The election of Mrs. Moore as State regent came as a surprise to the members of the society in Montana, a number of whom are in Washington, though they are not delegates.

The Daughters appropriated $5,500 for a building at the Jamestown Exposition.

Sale of Gunston Hall.

Gunston Hall, in Fairfax county, about 16 miles south of Alexandria, has been sold by Grant Parish, of Washington, for $50,000 to Gen. Robert Gibson Smith, of New York.

Gunston Hall is alive with noble memories. Close by the mansion is the grave of George Mason, one of the signers of the Declaration of Independence, the author of the Bill of Rights (written in the library at the hall), and the author of the first Constitution of Virginia.

The mansion house, known as Gunston Hall, was built by George Mason in 1755. He called it after his English ancestry. It is a fine example of Colonial architecture, solid and substantial, and the interior carvings and delicate tracery, much of it being of rosewood, was doubtless without a peer in southern homes of that period. The mansion is 80 feet long by 40 feet wide, being built of brick brought from Scotland. General Smith has also purchased from Grant Parish the adjoining estate, known as Bienvenue. The entire survey covers 615 acres and commands nearly two miles of shore line on the Potomac river and the Pobick tributary.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for la grippe," says Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Sold by Gibson & Timberman and W. F. Creighton & Co.

The California Earthquake.

The fire which threatened the total destruction of San Francisco was under control yesterday, and one quarter of the city lying west of Franklin street and northward to the Presidio was thought to be safe. A gale from the southwest set in later, and the fire has started afresh in the northwest. Fire was also raging around Oakland ferry-house. Tugs were trying to keep fire away from the wharves, but the result looked dubious at 9 o'clock last night.

Three-quarters of the improvements on real estate are gone. The only buildings of importance to escape are certain fine residences along Pacific Heights. The rest of the standing buildings are in the scattered suburbs.

Fear of tamine alone prevents the city taking on an air of hope. Water as well as food is scarce in many of the parks where the people have taken refuge.

Food supplies in Oakland and other suburbs are nearly exhausted. Whether they will hold out until enough relief arrives is a grave question. Furthermore, the problem of distributing the relief to the scattered sufferers is yet unsolved.

The destitution and suffering among the refugees is indescribable.

Fearing pestilence from the number of bodies which had been exposed to the elements since Tuesday, Gen. Funston ordered them all buried. So far as the bodies have been found this has been done. Civilians were compelled, in some cases at the point of soldiers' guns, to do the work of burial.

Now that the terrible conflagration is under control the destitute homeless people face another grave danger. An epidemic, and, worse than all, an outbreak of the dread bubonic plague is feared.

While there have been no official reports of plague for several years, China town with its crowded thousands, constantly augmented by new arrivals, has always been open to suspicion of harboring the dreaded pestilence.

When the plague was almost epidemic in 1900, 1901 and 1902 the local newspapers agreed among themselves to publish no news of it, so the outside world was kept in ignorance of its existence, despite the fact that the city health board's statistics were open to all. The air is tainted with the effluvia from dead bodies. Millions of rats, which are supposed to be the chief carriers of the pestilence, driven from the foul rookeries of the Chinese quarter and the "Barbary Coast," have scattered far and wide.

The lowest class of Chinese—those who, living in cellars, inclosed opium dens and similar pestilence-breeding nests, seldom ever see the light of day—are herded with the whites in the parks and on the benches, sleeping shoulder to shoulder with them; drinking from the same pools, seeking their food from the same sources of supply. The most ordinary decencies of sanitation are as yet impossible. Should a single Chinaman afflicted with the disease be herded among the refugees there is every likelihood of his imparting the malady to them.

Once started among the great open camps, there would be nothing to check the pestilence and everything to aid its spread. Every effort, however, is being put forth for sanitary measures that will help to prevent disease.

Eleven postal clerks, all alive, were taken from the debris of the San Francisco postoffice yesterday.

All at first were thought to be dead, but it was found that, although they were buried in the stone, every one was alive. They had been for three days without food or water. All the mail in the postoffice was saved.

Fourteen men were killed Thursday night by soldiers guarding the Mint, and Policeman Joseph M. Myers was bayoneted and killed by a National Guard man over a dispute as to authority.

The men killed at the Mint had attempted robbery. Two men were shot and killed yesterday morning. Policemen Flood on entering his home encountered a stranger, who attacked him. Flood shot him dead. Special Policeman Snyder killed a man, but the details are not known.

Chinatown is destroyed completely. It is estimated that at least 20 Chinese, opium fiends and drunks, were blown up with dynamite.

SMALLPOX AND TYPHOID.

Oakland, Cala., April 21.—A newspaper man who left San Francisco at a late hour last night, says that smallpox and typhoid fever have broken out in Jefferson Square and Park Panhandle and that the conditions are growing something awful. It is very probable, he said, that the whole city of San Francisco will be placed under quarantine today, and those who failed to get away last night will be compelled to stay in the fever-infected districts until the quarantine has been raised.

RELIEF TRAIN.

Rock Island, Ills., April 21.—Drawn by the biggest and fastest engines of the Rock Island Railway, the first government relief train from Washington to San Francisco, passed Rock Island at 5:50 this morning, departing after a few seconds' delay caused by a slight accident to one car. The record breaking run was made with a train composed of thirteen express cars and one day coach. The cars are loaded with blankets, provisions, and medicines. The supplies were selected from the government arsenal at Schuylkill, Pa., with a view to relieving the most urgent needs of the people. The train left Washington at four o'clock Friday morning, and arrived at Chicago at 2:05 Saturday morning. A Publishers Press correspondent and army officers boarded the passenger coach at South Englewood, Ills., where a stop of a few minutes was made to permit switching of the cars to the Rock Island tracks. From Chicago to Denver the railway officials say fifty miles an hour will be made. The first hour recorded almost 75 miles. If the tracks on the west will permit the speed that is being made now the train will arrive at Frisco Monday afternoon.

PROGRESS OF THE FIRE.

Oakland, Cal., April 21.—Early this morning the fury of the flames and abated somewhat after laying waste a strip along the water front as far as Meigs wharf, and destroying a large number of factories and warehouses in that section of the city. The fire completed the work of destruction on Telegraph and Russian Hills, sweeping them clear of human habitations. To save the water front and shipping the large Henry machine works were dynamited. After a determined fight the appraisers' building and sub-postoffice station were saved. The near approach of the fire to the ferry building caused a report that the structure was afire. Heroic work of the fire tugs, however, stopped the progress of the flames in that direction. It looks now as if the fire on the water front will be checked at Lombard street wharf. It is estimated that fully one-half of the population of San Francisco slept in Golden Gate Park, Presidio and other open places in the west end last night.

Dr. Voorhsnger, chairman of the committee to feed the hungry, reported that everything possible had been done to give immediate relief to all who needed it, and that not a hungry soul existed in San Francisco last night. According to those in charge there was no trouble in securing a sufficient quantity of food and no trouble in its distribution. Aside from the fire which was creeping along the water front, from the north beach, all the situations are in control in that part of the Mission district and those not touched by flames are no longer in danger. The westward sweep of flames was checked at Van Ness and Octavia streets. Out from these streets eastward to the bay the destruction is complete.

Should the fire succeed in reaching the ferry building, which is the only remaining landmark fronting the bay, it will undoubtedly sweep on to the Union Iron Works. One half a million dollars worth of buildings were destroyed on the water front between midnight and 7 o'clock this morning.

Fire on the water front has got past the barriers and is threatening the ferry building which is the only means of communication across the bay. The building has already caught in several places and those remaining occupants are preparing to make a rapid exit to the ferry boat which is waiting to back into the stream. During the early part of the night a fresh wind from the southeast blew smoke and vapors back and down upon the city, completely shutting it from the view of the spectators across the bay, thousands of whom were watching the magnificent spectacle. To these it appeared that the great conflagration had ended. By midnight, however, the smoke and fog lifted and it became apparent that the fire by no means had burned itself out. In a dozen places the flames still shot upward, marking the passage of the work of destruction in new sections.

To save the ferry building, the Southern Pacific at 7 a. m. rushed a car of dynamite across the bay, the supply having been exhausted. On four sides of the Holy Cross Cemetery the fire burned fiercely all night on the fine residences which mark that section. There is no probability that the fire in this locality will be checked until it has burned itself out. In the business district the fire was checked only when there was nothing left to burn.

While the fire was raging today the particular danger was in a well filled powder magazine. A fortunate change of wind then sent the flames toward Meigs Wharf, and put the fort and magazine out of danger.

It is now believed that the loss of life will be between five and seven hundred.

New York, April 21.—The Western Union Telegraph Company received the following bulletin from San Francisco at 2:15 this afternoon.

"The fire which was menacing the water front is now under control but the situation in the West end district of the city is still dangerous."

Oakland, Cal, April 21.—Water has been restored at several points. The refugees in Golden Gate Park suffered from the cold last night. Considered all, they fared very well. The San Francisco postoffice, although not burned, is in a dangerous condition. Postmaster Fisk will transfer the postoffice to Oakland.

Banks Resume.

Washington, D. C., April 21.—The following dispatches were received this morning at the Treasury Department from treasury officials in San Francisco:

"Every bank in San Francisco is buried in ruins. All banks in Oakland, Berkeley and Alameda are able to resume business. It looks as if Oakland must be temporarily the banking center for California north of Tehachapa State Banking Commissioners have located an office in Oakland to meet this condition. The suburban banks ought to have free and prompt telegraphic transfer of funds. In view of the ruined condition of sub-treasury, advise me as to making the transfers direct through the mint. The sub-treasury went down in the fire early and is now surrounded by blocks of ruins. The fire is still burning, but it is thought to be confined to a few blocks of residences somewhat isolated. No foundation for published statement of attack on the mint. Will do what I can about bureau of information of refugees.

"LEACH, Supt. U. S. Mint."

"All San Francisco banking houses are destroyed. None destroyed in Oakland. Sub-treasury roof caved in. Vaults apparently intact, but blocked with debris.

"JULIUS JACOBS, Asst. Treas. U. S."

The above message disposes of the rumor that Jacobs lost his life in the fire.

Aid for the Unfortunates.

New York, April 21.—From reports at hand today it is seen that the relief fund for the San Francisco sufferers aggregates $8,000,000. A million or two will be added today. The country always generous in time of need, has outdone itself. Never before were subscriptions larger or more prompt. Railroads are shipping stores free of charge, while churches, race tracks, business organizations, clubs, theatres, corporations and the people are pouring in their dollars. Congress has appropriated $1,000,000 and President Roosevelt will ask for a million and a half more today. It will undoubtedly be granted. New York raised this morning, nearly $1,500,000. The committee in charge of the work of collecting funds will not rest until the sum has passed the $2,000,000 mark. Of this amount $523,000 was raised on the moment. Yesterday cash and checks amounting to $978,000 reached the hands of the various treasurers. At the time of the Chicago conflagration this city raised $1,100,000 for the unfortunates, the greatest sum of money for relief ever raised here up to today.

Olympia Games.

Athens, April 21.—Tomorrow morning the formal opening of the Olympia Games in the reconstructed Panathenic Stadium will be inaugurated with stately ceremony. The committee presided over by the Prince Royal of Greece, the Duke of Sparta, has done its work well, and the scene will be most impressive. The magnificent oval flanked by its tiers of white marble in the very heart of Greece, with the ancient temples all within view, is a splendid vista for the gathering of the representatives of all nations of the West, and some even from the East. Athens is crowded with foreigners from all over the world and the munificent patriotism of Georges Averoff, the late Greek merchant of Alexandria, who spent 2,000,000 francs in resurrecting the Olympia Games by reconstructing with marble the magnificent tiers of seats surrounding the arena, is reflected in the pride with which the visitors are being entertained and shown around the district by representatives of the Greek committee. A number of the most famous people of Europe are here and during the contests royalties will be among the spectators. Every contingent of athletics is accompanied by a numerous band of admirers.

The Strike in France.

Paris, April 21.—In order to suppress the rioting by miners who are on strike, the government has now 26,000 troops in the Pas de Calais region, and additional troops are en route there. The situation is regarded as serious. The strikers in rioting at Hevoury wounded fifty members of the military before the mob was dispersed. The town of Lieven, which was recaptured from 16,000 strikers by the military, is reported to be quieter this morning but there is no telling the moment the mob will get together again and make an attack upon the soldiers. In the recapturing of Lieven three officers and fifty men were wounded. Many of the strikers were wounded.

Report Denied.

London, April 21.—Waldorf Astor, when seen today, and asked regarding the report that he and Mrs. Nannie Langhorne Shaw had been married on Thursday, said that there was absolutely no truth in the statement. He said that it was all pure gossip. Mrs. Shaw authorized a denial of the statement that she had been married.

Earthquake Shocks in Italy.

The California Disaster.

The terrible earthquake and the sufferings which have followed in its wake are appending to the entire country, and contributions for the sufferers have been promptly and liberally made. Alexandria desires to be represented among the donors, and those in positions to do so have signified their willingness to add to the contributions which are coming spontaneously from all quarters of the United States.

The Old Dominion Glass Works have subscribed $50, and the employees $150 to the fund for the relief of the San Francisco sufferers. The money will be forwarded through the Citizens' National Bank.

The Catholic Women's Benevolent Legion have made arrangements to give a euchre party at Sodality Lyceum Hall next Tuesday night for the purpose of raising money for the sufferers.

As heretofore stated, a collection will be taken up tomorrow at Christ Church for the benefit of the San Francisco sufferers.

The agent of the Adams Express Company announces that the company will send contributions to the sufferers free of charge.

John Paul Jones.

Arrangements have been completed for holding the joint memorial exercises by Alexandria-Washington and Andrew Jackson lodges of Masons in honor of the memory of Admiral John Paul Jones, Tuesday next the date of the interment at Annapolis. The exercises will consist principylly of eulogies on the first American admiral. Admiral Winfield Scott Schley, United States navy, retired, has accepted an invitation to be present and deliver an address. Grand Master K. Kemper, of Virginia will preside at the exercises and Mr. C. C. Carlin will deliver the opening address. The committee in charge of the arrangements is composed of Messrs R. W. Arnold, C. H. Callahan and W. A. Moore, jr., of Alexandria-Washington Lodge, and H. K. Field, C. B. Marshall and Samuel P. Fisher of Andrew Jackson Lodge. Owing to the limited seating capacity of the lodge room admission will be by card. There will be no banquet.

Potomac Lodge.

As has heretofore been stated, preparations are being made by Potomac Lodge, No. 38, I. O. O. F., for the observance of the 87th anniversary of the organization of the lodge. There will be an entertainment next Tuesday night at 8 o'clock in the hall on north Columbus street. An interesting programme of exercises has been prepared, and talent from Washington will be present. Tomorrow night week the members of the lodge and a large number of their friends will gather in Grace Church where Rev. Edgar Carpenter will deliver a sermon appropriate to the occasion. Messrs. D. R. Stansbury, James R. Mansfield and P. M. Bradshaw are the committee in charge.

Opera House.

The Jolly Bonnie Vance Company gave an excellent rendition of "Poor Mr. Rich" at the Opera House last night, the audience seeming to be well pleased with the show. The specialties were decidedly good, especially those of Cook and Beall and the Creighton Sisters, the former being very clever. The company gave a matinee this afternoon and will close their week's engagement tonight in "Our Flats." A great many specialties will be introduced.

Deepening Dock.

The dock adjoining the ferry slip of the Norfolk and Washington Steamboat Company on the north is being dredged in order to provide a berth for either of the new ferry steamers should it be rendered necessary when repairs are needed. This dock was used for many years by the steamers T. V. Arrowsmith and Wakefield when those boats were operated by the old Washington and Alexandria Ferry Company.

The Market.

There was an average supply of country produce in market this morning. A considerable quantity of green stuff was on the benches and was being sold at moderate figures. Staple articles, however, were unchanged in prices.

Mr. A. G. Uhler represented the Southern Presbyterian church at the meeting of Chesapeake Presbytery which convened last Tuesday at Leesburg.

Dr. J. H. Bitzer has regained the use of his right hand which was so severely cut about two months ago.

A large number of friends assembled in the spacious parlors that had been beautifully decorated with cut flowers and ever greens in honor of the occasion. Euchre was engaged in and elegant refreshments were served. Prizes were awarded Miss Sallie Patterson and Mr. Patrick Gorman. A delightful evening was spent and at twelve fifteen all departed for their homes, wishing the young debutante many years of unalloyed happiness and joy.

The Hon. Henry Strauss, of Alexandria, who has been quite ill for some time, has much improved and is the guest of his son-in-law, Mr. Phil Leterman, in this city.—[Charlottesville Progress.

A Good Friend.

Mr. Chauncey L. Southern not only proved himself a clever actor, but a good friend as well. The other day, while riding down Broadway in his automobile Mr. Southern saw one of his friends standing on the sidewalk, looking very much downcast. "What's the matter old man," asked Mr. Southern. "I have just returned from the road," said his friend, "where our manager skipped out and left the whole company stranded, and I have been to see a lawyer, who has given me a summons for the manager to come to court, but as I can't afford to employ a marshall to serve it, neither can I do it myself, I am as bad off as I was before." "Then give it to me," said Mr. Southern, And after securing the address of the manager, Mr. Southern drove his auto down to his house, and by pretending to be looking for a manager for his own company this season, he secured an interview with him, who had for a week been dodging process servers, and served him with the summons. Mr. Southern stands for right and justice at all times. Mr. Southern and his company will appear at the Opera House Monday night.

The Fishery.

Fish are arriving more freely at Fishtown, but the demand continues about equal to the supply. Prices, however, are not so firm as was the case during the earlier part of the week. Herring this morning were quoted at from $3.50 a$4.50 per thousand, but it was said that they were selling at lower figures in Washington. Shad were quoted at from $15 to 40 per hundred. About 10,000 herring, consigned to one of the Alexandria commission merchants, and said to be in an unsound condition, were not allowed to be landed at Fishtown yesterday.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by Gibson and Timberman and W. F. Creighton and Company.

Confessed Double Murder.

William Perry, a negro, who, according to the police, says he shot and killed Lewis Williams and Alice Merritt, a so colored, at the 110th street elevated railroad station in New York, Thursday, gave himself up to the police of Philadelphia early yesterday. Perry, who is about thirty-five years old, said he objected to the attentions Williams paid to the Merritt woman, and for that reason killed him. He had not intended killing the woman.

Perry says he purchased on Wednesday the revolver with which he did the shooting, and lay in wait for the couple. He boarded the elevated train with them Thursday morning, and would have shot Williams on the train, but a policeman was present. His opportunity came, he said, when the couple left the train at 110th street, and he shot them. Perry escaped on a surface car, and went to Jersey City, where he sold the revolver. He then came to Philadelphia, and later went to Camden, N. J., where he spent the afternoon and evening.

Perry became remorseful, returned to Philadelphia at 2 o'clock yesterday morning, and went directly to the central police station, where he gave himself up and told his story. He is held to await the action of the New York police.

Don't tie a cough or a cold up in your system by taking a remedy that binds the bowels. Take Kennedy's Laxative Honey and Tar. It is better. It opens the bowels. An ideal remedy for young and old. Children like it. Sold by W. F. Creighton & Co., 402 King street.

Killed His Niece.

Frederick Lany, of South Bethlehem, Pa., shot and killed his niece, Katie Gordon, in front of her home, at Piscataway town, three miles from New Brunswick, N. J., early yesterday morning. Lang, who is 23, was in love with the girl, who was four years younger. He frequently went to Piscataway town to urge the girl to marry him, but she refused to do so. On Wednesday night he went away, but did not mention his passion, and the girl concluded that he had gotten over it. Yesterday morning Lang said he was going back to Pennsylvania, and started for a trolley car on the road in front of the Gordon house. Katie and her two younger sisters, Rose and Mary, were to go on the same car as far as New Brunswick.

Just as the car stopped Lang drew a revolver and fired at Katie, the bullet lodging in her neck. She died in 10 minutes of hemorrhage.

Lang fired at each of the other sisters, but missed them, and when he turned the revolver on himself it missed fire. Afterward he tried to kill the girl's father, but again the revolver missed fire. Lang disappeared in the woods.

For a Weak Digestion.

No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. JEWELRY.

YES,

We Probably Have It.

A good many people make the mistake of going to Washington to get something they could buy at home, do not look for it here, just jump to the conclusion that such things are not to be had in Alexandria.

We would like to state to those contemplating purchasing a fine watch, or diamond, or other fine piece of jewelry, clock, silverware, cut glass, etc., that we have a large and complete stock of the above mentioned goods and which we offer at a lower price than is asked for the same goods in Washington.
